Peter Beck

Translated from the German by Jamie Bulloch

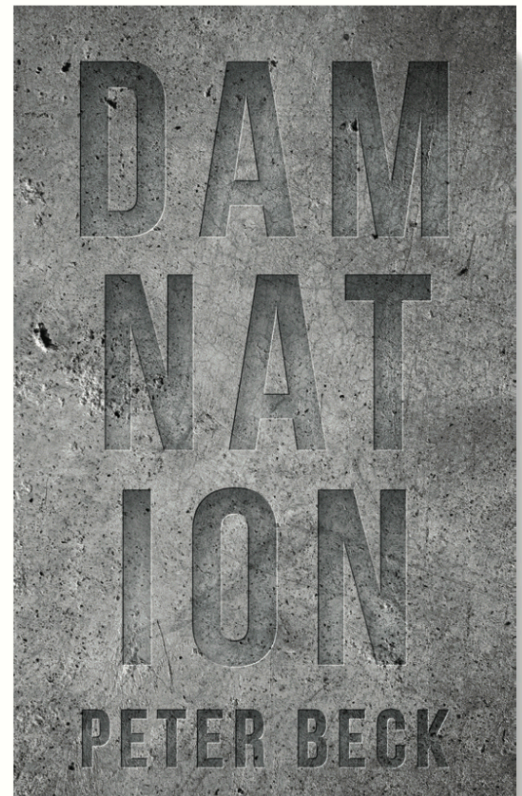

Jack Reacher meets George Smiley in this thrilling opener to a breathtaking new series set in the world of Swiss financial crime

Dead clients are bad for business, something that Tom Winter, head of security for an elite Swiss bank, knows only too well. When a helicopter explodes, leaving behind the bodies of a charred client and a dead colleague, Tom teams up with the mysterious Fatima to follow the money trail through Switzerland and from there on a whistle-stop chase around the world.

With the NSA watching their every move, it's not long before Tom, a former special forces commander, and Fatima, realise that in fact they are the hunted, not the hunters, and that their very survival depends on Tom's wiliness and quick thinking.
